TOP LEDGE/LEDGE COVER

6" steel top ledge offers:

- Reliable retention of the pool's elegant shape
- Contemporary design merging class and color
- Collar-lock engineering secure joints

WALL JOINT

- Computer-designed wall joint ensures better resistance to water pressure
- Oversized bolts augment stability
- A rippled finish lets the wall resist both water pressure and external shocks.

UPRIGHT/FOOT COVER

5" uprights made from sturdy steel:

- Designed for maximum strength
- Clean design without unnecessary flourishes
- Engineered to withstand years of use

OVAL SYSTEM

Buttress

- Sturdy Buttresses support pool where it's needed

WALL

Vinezia LX

- Attractive wall design
- Gently blends into your décor
- Enhances backyard with subtle style

COATING

Corrosion protection on metal components:

- Metal components protected to last many seasons
- Vigorous coating procedures
- Superior process and the most reliable coating in the industry

WATER SAFETY

The purchase of an aboveground pool provides years of pleasure and fun, but it also involves water safety. Although we cannot supply a full-time lifeguard, we strongly recommend that you implement the following safety rules. These will help provide a pleasant atmosphere for you and your family.

- NEVER jump or dive in an aboveground pool.
- Maintain constant adult supervision when children are in or near any body of water.
- Read all of the safety, installation, and maintenance information contained in the instruction manual and Water Safety brochure before you start installing your pool.

- Ask your city about any specific rules and regulations that apply to aboveground pools.
- Follow the instruction manual and maintenance instructions.
- Never remove applied or posted safety stickers or signs from your pool or pool area.
- Barriers to prevent unsupervised access especially by young children, should be built, installed and checked on a regular basis to ensure they are in good working order.
- Inspect your pool, barriers, alarms, and other related equipment on a regular basis in order to ensure they are in good working order and that they are safe.

The installation, maintenance and safety manual contains detailed tips and recommendations. They must be read, followed and applied on a regular basis, as they will prevent unnecessary accidents and will ensure many summers of pleasant, safe family fun.

SWIM SAFELY AND STAY SAFE

Manufactured for Pool Corp by Trendium Pool Products Inc., 7050 St-Patrick Street, LaSalle, Quebec, CANADA H5N 1W2. The dimensions, weights, illustrations and other specifications are approximate.
